1. The following is an examiner's statement of reasons for allowance:

Referring to claims 1-4, the prior art does not teach or fairly suggest comparing said first and second periods of time with a predetermined threshold, in the scope and context of claim 1.

Referring to claims 6 and 7, the prior art does not teach or fairly suggest if at least one heartbeat is received, determining whether heartbeats are received from all of said at least two processes; and detecting a failure of at least one of said processes in response to not receiving heartbeats from all of said at least two processes, in the scope and context of claim 6.

Referring to claims 9-15, the prior art does not teach or fairly suggest failure of said second process being based on expiration of a period of time with reception of at least one heartbeat transmitted from said third process over said network but without reception of any heartbeats transmitted from said second process over said network, in the scope and context of claim 9.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
